Congratulations! You can now produce and enjoy beautiful images with this printable **Raised Bed Gardening ArtPrints Crafting Kit**. And gardens deserve to be displayed!

These printable ArtPrints include bright and vivid images and thought provoking quotations that help you enjoy the essence of gardening. All you need to create these meaningful and inspirational ArtPrints is paper and a printer. You can jazz them up with specialty paper, picture frames, or kitchen magnets—even laminate them for longlasting use.

Materials Needed

You really only need paper and your printer to get started with enjoying these heartwarming ArtPrints. Here are some recommendations for materials:

- Paper: You can print these ArtPrints on 8 1/2 inch by 11inch regular plain white paper with your printer's color ink—or, choose specialty paper such as this more durable [white thick cardstock paper](https://amzn.to/41v4XFC) (<https://amzn.to/41v4XFC>), a bright white paper that enhances these colorful ArtPrints and that has a smooth finish. Whatever specialty paper you choose, please be sure your printer can handle the heavier stock.
- Picture Frames: If you want to hang your ArtPrints on the wall in a frame or place them on your desk or a table, [please check out picture frames that accommodate 8 1/2-inch by 11-inch paper.](https://amzn.to/48nt6jy) (<https://amzn.to/48nt6jy>)
- Kitchen Magnets: For hanging your ArtPrints on your refrigerator, please check out these [colorful glass kitchen magnets](https://amzn.to/3RN5fUS) (<https://amzn.to/3RN5fUS>) to spice up your kitchen and enjoy your ArtPrints daily!
- Laminator Kit: For even more durable ArtPrints, consider laminating the pages with this [thermal laminator kit.](https://amzn.to/48enDvu) (<https://amzn.to/48enDvu>)

Instructions

Fullsize versions of all nine ArtPrints come after this page and are formatted for landscape style printing. Only print the pages that include the ArtPrints you want, although you can print this instruction page if you need to (just do it on plain white paper). If using specialty paper, please be sure to test printing your desired pages on regular plain paper first. And please be sure to adjust your printer's settings for using cardstock. After printing, you can use the ArtPrints just as they are—or, upgrade the finishing by printing on heavier paper, framing, or laminating your ArtPrints.
